Land Acknowledgement

For hundreds of years the people of Treaty 7 region have been building communities on the land known as Moh'kinsstis. The Blackfoot Confederacy (comprising the Siksika, Piikani, and Kainai First Nations), as well as the Tsuut'ina First Nation, the Stoney Nakoda (including the Chiniki, Bearspaw, and Wesley First Nations) and Métis Nation of Alberta, Region 3 have been the protectors of this land. They have made their homes here, shared their stories here, educated their youth and continued their traditions here.

Sarcee Meadows is honoured to continue this tradition of creating inclusive communities and to celebrate this territory we now call home.

BOARD OF DIRECTORS' REPORT

Happy New Year, SMHC! We hope your holidays proved restful, and that the beginning of 2024 has treated you well.

With the retrofit construction progressing well, we would like to remind all residents to stay out of construction zones; keep your eyes open for fencing, traffic cones, and signage, and for your safety and the safety of the teams working, keep your distance! The construction team is hard at work making our community a safer and more comfortable place to live and can only do their job if they know the site is safe and secure.

On that note, we would like to thank everyone for their patience with the inconvenience the project poses – the result will be well worth it. Please keep in mind that construction workers on this project are under contract with SMHC, and therefore protected by our [Respectful Workplace Policy](#) (page 168 of your Member Handbook); any concerns can be submitted respectfully in writing to our General Manager, Jon. There is no need to address concerns to workers directly, and absolutely no tolerance for harassment. Sarcee Meadows is committed to providing a safe workplace, and corrective action, up to and including termination of membership or employment, will be taken to address breaches of this policy. Once again, thank you for your patience and cooperation in making Sarcee Meadows safe for everyone.

We look forward to seeing you all at the Annual General Meeting on January 31st at 7:00pm! Good luck to all nominees to the Board of Directors – we look forward to working with you!

Respectfully submitted by Megan Jovie on behalf of the Board of Directors

GENERAL MANAGER'S REPORT

Happy New Year to everyone and I hope that 2024 is a great year for all of us.

Well, it looks like Winter has finally found us. We had great weather to start the winter, although not enough snow in the mountains, but now we are in for a bit of a deep freeze. Hopefully, it doesn't last too long.

Over the holidays, Ground Guys worked to be proactive to keep the sidewalks ready for snow or ice. I was very happy to see the conditions of the sidewalks after the New Years Day rain and then flash freeze. If there are any trouble areas that have ice on them, please let me know and we will get them taken care of right away.

We are almost ready to begin installing the Hardie Board on Building 41. The windows have been going in this past week along with the new insulation. With this being the first building to be done, we have seen some delays. In the next week or so we will send an updated construction schedule to all members.

We also continue to ask Members to please be respectful of construction areas. If you see an area blocked off either with fencing, pylons or barricades avoid the area. This is for both yours and the workers safety.

I will have a more wholesome update on the retrofit coming out next week so please keep an eye out for it.

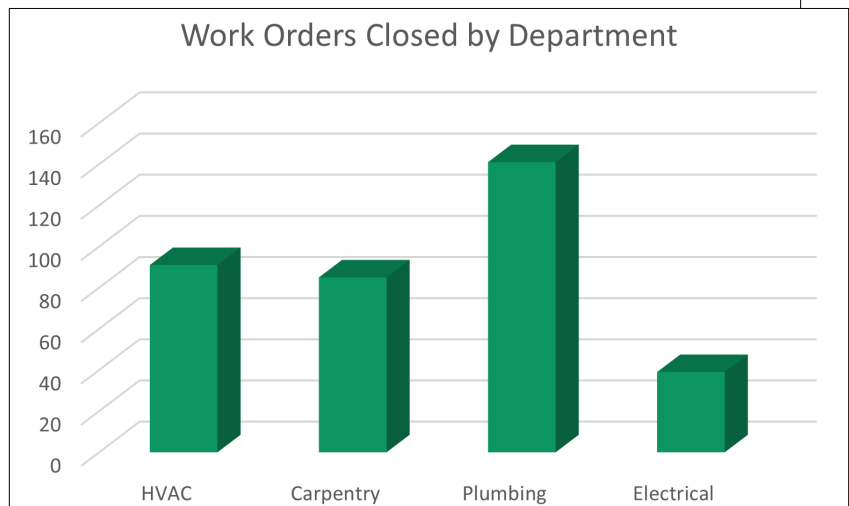

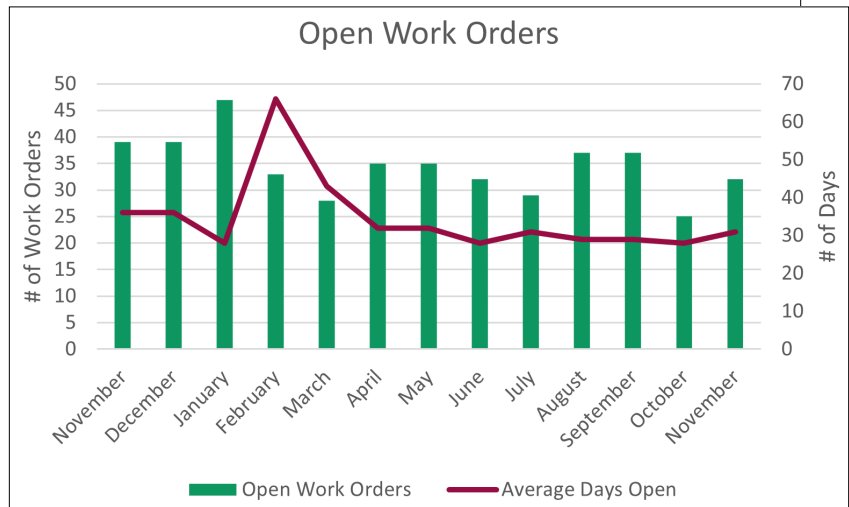

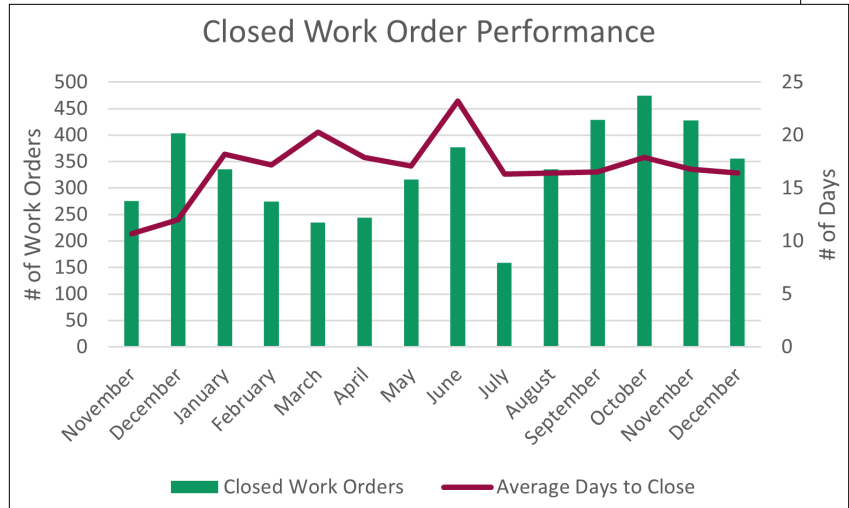

The Big Bin is here till January 15th. Please make use of it and leave any large materials outside of the shop fence.

Finally, don't forget to mark your calendars with our AGM being held on January 31st, 2024 at 7pm. Once again it will be a hybrid meeting and it is your opportunity to vote for who will represent you on the Board of Directors and to review the annual audited financial statements.

Thank you,

Jon Jackson
General Manager

Work Order Performance

FROM THE TEAM AT B50

Office Hours: Office hours are Monday to Friday, 8:30 am to 4:30 pm. The office staff can always be reached by phone or email whether in the office or working at home. **The shop and office will be closed on Monday, February 19th, 2024 for Family Day.**

Big Bin: The Big Bin is here until January 15th for disposal of larger items that don't fit in the regular bins.

With the increase of equipment and materials in the maintenance yard the Bin has been placed outside the yard. We ask that you please leave your items next to the big bin rather than placing them directly in the bin. This enables our maintenance team to pack the bin with maximum efficiency.

New Housing Charges: Just a reminder that the 2023/2024 financial year, including the member approved housing charge increases, began on November 1st, 2023.

The new housing charges, already in effect, are as follows:

- **Two Bedroom \$1014**
- **Small Three Bedroom \$1046**
- **Large Three Bedroom \$1071**
- **Four Bedroom \$1097**

Keeping Your Unit Info Up to Date: While we continue to work on a more streamlined process for the Annual Information Forms it is imperative that all changes to your information be provided to the office immediately to keep our records up to date. This includes contact information, communication preferences, vehicle license plate numbers, pets, residents, and emergency contact info.

It is a requirement of Members that ALL vehicle license plate numbers, pets, and residents (both members and non-members) be registered with the office. If it is discovered that there are additional vehicles, pets, or residents associated with your unit that have not been properly registered, we will be issuing fines.

Christmas Tree Disposal: Any real Christmas trees that need to be disposed of can be left on the garbage bin islands in any of the parking lots to be picked up by our Arborist, Tom, for organic recycling. **He will continue to collect them regularly until January 15th, 2024.**

Visitor Parking Issues: The office continues to receive many complaints regarding members and residents parking in visitor parking stalls.

An important part of living in a cooperative is abiding by the rules that have been set out by the members. These "rules" of course are defined by our member approved Bylaws, Policies, and Procedures, including the Parking Policy.

In the spirit of cooperation, we ask that all SMHC Members and Non-Member Residents be mindful of the following rules, so to speak:

- It is a Member Obligation ***“to comply with all SMHC Procedures, Policies and Bylaws and ensure all non-member residents in a member’s own unit also comply”***. (As per SMHC Bylaw 3.8[c].)
- That ***“members and non-member residents will park vehicles, including motorcycles, in their unit stall or rental stall only”***. (As per the SMHC Parking Policy.)
- And that ***“Monitoring of parking is the members’ responsibility”***. (As per the SMHC Parking Procedures.)

So, to everyone who calls Sarcee Meadows their home, please DO NOT park in any visitor parking stall anywhere on the property. (Unless specifically requested by administration to do so temporarily to accommodate construction access.)

Also, to anyone who notices abuse of the visitor parking by members/residents in your area, please report these via the Parking Complaint Form available at the office or on our [website here](#). Alternatively, you can send the same informational details requested on the form in an email to paula@sarceemeadows.coop.

Committee Reports

ELECTIONS COMMITTEE

UPDATE – Candidates for 3 [three] 3-year terms

Sending out a sincere thank-you to our six nominees for the 2024 SMHC Board of Directors Elections:

Abdurazak Mohamed

Attila Bardos

Belal Ali Mohamed

Megan Jovie

Rebecca Breland

Wendy Wilson

They will be on the in-person and electronic ballot at our Annual General Meeting on Wednesday January 31st, 2024, at Grace Lutheran Church, at 7:00PM.

Again this year, we are really looking forward to all of our members attending and participating in the SMHC election process!

The Elections Committee

ENTERTAINMENT & SOCIAL EVENTS COMMITTEE

Thank you to everyone who helped us end 2023 in the brightest way possible by participating in the Light Up the Meadows Event! We had 29 units participate with their fantastic light displays for the Scavenger Hunt, plus numerous other units with beautiful lights for us to enjoy along the way too.

Congratulations go out to our two random draw winners: Jeannie and Garry Sluiter for the display units and Isabel Ciok for the Scavenger Hunt!

We are now looking ahead and beginning to plan for 2024 which will include many of our member's favourite annual events!

We also continue to discuss potential changes to how SMHC recognizes and shows appreciation to our amazing volunteers. Please watch for more information to come on how members may have an opportunity to participate in these ongoing discussions.

Also, our volunteers should watch for more information to come on how you can participate in an exciting new project the **Entertainment & Social Events Committee** is working on together with the **Newsletter Committee**.

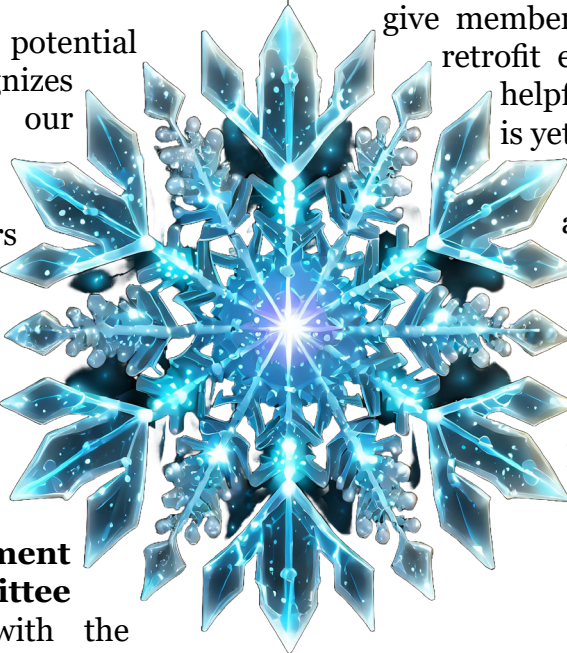

OUR RETROFIT IS HERE – LET’S SHARE THE JOURNEY

A very big part of being a cooperative lies with all members working collectively together. That is the very definition of being a cooperative. This is, after all, our community and our Retrofit. There are so many ways that we, as individual members, can make this huge project which is affecting each member's unit and life in quite a dramatic fashion somewhat easier as we proceed.

One fantastic way to help one another get through this project is to learn from those who have already navigated the Retrofit. An idea has come forward to start a regular “Tips, Suggestions, & Experiences” feature in Connections which will give members who have already had the retrofit experience a chance to share helpful hints with those whose turn is yet to come.

The **Newsletter Committee** along with the **Education, Involvement, & Awards Committee** are looking at how we will set this feature up to best serve SMHC's members to have a safe and positive retrofit experience. More to come very soon.

Sarcee Meadows for the Win!

NEWSLETTER COMMITTEE

Happy New Year! We hope you had a great holiday and were able to spend lots of time with family and friends.

With the start of a new year, we are asking for your help. Our mandate for newsletter publication is to inform, report, explain, unite, motivate, teach, and entertain. To support that mandate and as a member-driven housing cooperative, we would like to know what you are interested in reading about.

Please take a few minutes now and send us any ideas or requests you may have for future articles. Your participation is greatly appreciated. Please don't assume that you need not bother because someone else will send something in. We really hope to hear from as many of you as we can and look forward to your ideas!

In the meantime, we have some new articles for this issue and hope to include a recipe and/or other fun things every month.

Cooperative Memorial Society (CMS)

CMS is a non-profit, member-owned cooperative. We arrange economical funeral plans for our members in the Edmonton area and in central and southern Alberta, by contracting with locally operated service providers. Members can save an average of \$2,500 to \$5,000 on their funeral arrangements, depending on the plan selected. Plans can be prepaid with many of our service providers to lock in prices or can be paid at the time of need.

Since our founding in 1965, we have enrolled more than 55,000 members. Membership ensures that your wishes for your final arrangements are respected and provides you with access to lower-priced plans for funeral services from our service providers. You can opt to enter your guidance information into our online database for the funeral home to access at the time of need. This service also provides your loved ones with important information that they will need at that time.

The most important benefit of membership is the peace of mind gained from knowing that, by putting your affairs in order now, you will be saving your next-of-kin some hasty, painful, and expensive decisions at a time when they may be emotionally unprepared.

You can purchase a lifetime membership for only \$40 per adult. For more information, visit calgarymemorial.com or call the CMS at **403-248-2044** or **1-800-566-9959**.

Human Interests

This section is a great place for you to share with your neighbours and your community. We welcome any submissions that may celebrate Personal Accomplishments and/or Personal Milestones such as Births, Birthdays, Weddings, Anniversaries and Obituaries. It is also a great way to send out Thank You Messages, notes of praise on a job well done, announcements, Letters to the Editor, or any other tidbits that you would like to share! Submissions can be emailed to janine@sarceemeadows.coop or dropped off at the office to the attention of the Newsletter Committee. Holiday Decorating

By Theresa B.

Every holiday is very fun, especially in my house! Every year, we do a display for the community. Like for Christmas, we put up many inflatables outside. Some are “Rudolph the Red-Nosed Reindeer”, others are “the Grinch.” It took a while, but it was worth it once it was complete! Our Christmas display is growing every year! We love all the Christmas characters, especially the characters from the classic Christmas movies. We try to recreate a winter woodlands scene from Rudolph and the Island of Misfit toys. Our scene includes plenty of trees, and a pretty backdrop. You might even spot a 12-foot Abominable Snowman in the area.

Halloween is my family’s biggest display. We do unique themes every year, and our family costumes match the theme! In 2021, we did an apothecary theme, with witches and potions. In 2022, we did a carnival theme, with creepy clowns. And this year, we did scarecrows, with a massive corn field. The corn stalks were made by my family. We made them with mostly PVC pipe, wire, and masking tape! My brother and I don't trick-or-treat for candy, because we love to stay at our house and greet all of the trick-or-treaters. We have fog machines, and creepy music. It almost feels like a festival at our house, and we get almost 200 trick-or-treaters every year!

Valentine's day is right around the corner! My family and I put up cute decorations for February. Be sure to have a look at G451 to see them!

That’s all for now, keep an eye out for my future articles!

-Theresa

Education & Awareness

BLOOD DONATIONS

Respectfully submitted by Wendy Thomson

The month of January is usually a period of critical blood shortage. People stop donating blood during the holidays and when they get sick during cold and flu season. Blood donations are needed throughout the year, and it is important that a steady supply is always on hand. Calgary needs 550 new donors every month to help grow the donor base.

In Canada, the week of June 14th is known as "National Blood Donor Week". June 14th is designated as "World Blood Donor Day".

If you are considering donating blood, the basic criteria are:

- Must be in good health.
- Must be able to perform normal day-to-day activities.
- Must be at least 17 years old; and
- Must meet height and weight requirements.

If you are between the ages of 17 to 23 your height must be 147cm (4'10") and your weight must be at least 50kg (110 lbs). If you do not meet these requirements you will not be considered for eligibility until you are 23 years old.

Formal eligibility for everyone will be determined by the staff at the donation center.

Blood donation usually takes 45-60 minutes. One unit of blood can be separated into four individual components that could help save multiple lives. The four components are:

- Red cells can be extracted and used to treat patients who lost blood due to trauma or those who are recovering from surgery.
- Plasma, the liquid part of blood, is typically administered to patients requiring treatment to improve blood clotting.
- Platelets clot the blood when cuts or open wounds occur and are often used in the treatment of patients with cancer or those undergoing organ transplants. When a blood vessel is damaged, platelets cluster together and stick to the opening of the broken vessel to plug the hole; and
- Cryoprecipitated antihemophilic, a portion of the plasma, is also used for clotting factors.

In a later issue, I will prepare an article on Blood Stem Cells.

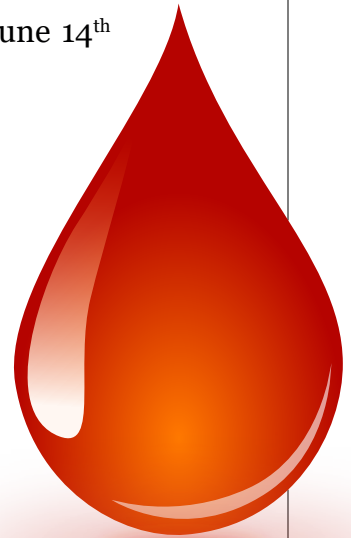

If you are in good health and meet the eligibility criteria blood may be donated as frequently as every 56 days for males and every 84 days for females.

Blood donations are needed all year round. For more information on becoming a blood donor, or for locations sites in Calgary:

Dear neighbours,
My name is Shereen Elsayad, and I live in F396. I am currently the Alberta College of Pharmacy councillor for District 5. Throughout my almost 20 years of practice as a pharmacist, Certified diabetes educator, certified for travel health(immunization), and currently working on my certification in hypertension management, I have built valuable and lasting relationships with my patients (especially seniors), and I became well aware of all their struggles. I finally decided to start my own pharmacy and to start some unique services for my own neighbours tailored to their needs.
